PROJECTS

1. DOM-INNO Ltd (Live-Site)

Dom-Inno Developers Ltd. is one of the top real estate developer companies in Bangladesh.

- I created and developed this Dom-inno website.

- I upload content regularly and also optimize speed.

- I Solve errors and make sure that the company website is running smoothly.

Technology: WordPress, Elementor.

2. Fidalgo (Live-Site)

Profile Ltd is an architectural firm in Bangladesh.

- It produces apartment interiors and makes sure your apartment has a luxurious look.
- I developed Profile Ltd's website and maintained speed optimization.
- I solve errors and analyze traffic and leads collected from the website.

Technology: WordPress, WPBakery.

3. TravelGuru (Live-Site || Client-Side-Code || Server-Side-Code)

It is a travel and hotel booking website. People can easily set their destination by visiting here and checking what hotel rooms are available at that destination and booking.

- Have a login and registration system with email and password.
- Have a different dashboard for the Admin panel and users.
- People can choose their place and choose their room using this website.

Technology: React Js, Firebase, Node JS, Express JS, EmailJs, MongoDB, Tailwind, Heroku.
